RE: In the Matter of: Application of Louisville Gas and Electric Company and Kentucky Utilities Company for a Certificate of Public Convenience and Necessity for the Construction of Transmission Facilities in Jefferson, Bullitt, Hardin, Trimble, Meade, Franklin, Woodford and Anderson Counties, Kentucky - Case No. 2005-00142

Dear Ms. O'Donnell:

Please take notice that, pursuant to KRS 278.020 and 807 KAR 5:120, Louisville Gas and Electric Company and Kentucky Utilities Company plan to file, on or after May 9, 2005, an application for a certificate of public convenience and necessity for the construction of two 345 kV transmission lines and one 138 kV transmission line in portions of Jefferson, Bullitt, Hardin, Trimble, Meade, Franklin, Woodford and Anderson Counties in Kentucky. One proposed 345 kV line will run from the Trimble County Generating Station in Trimble County and across the Ohio River into Indiana. The other proposed 345 kV line will run from the Mill Creek Generating Station in Jefferson County to the Hardin County Substation in Hardin County. The 138 kV line will run from the West Frankfort Substation in Franklin County to the Tyrone Substation in Woodford County.

The business address and telephone number for these utilities are:
